

Offering You An Incredible Smoking Experience

In 2011, I Love Ecigs began offering Logic Electronic Cigarettes to convenience stores. Very quickly we learned that consumers loved this product and are using it daily. Some of them smoked this product while in their cars, homes, restaurants or when they were around other people and children and didn't want to disturb them. Some continued smoking their regular tobacco cigarettes on other occasions, whereas some switched to the Logic Electronic Cigarettes exclusively. Since we saw such growth in our e-cigs market and such loyalty to this brand, we decided to offer this great product to everyone who desires to try smoking electronic cigarettes

Our Nicotine Reduction Program

As former smokers, we know how difficult it is to quit smoking. We know that according to research and public information, smoking regular tobacco cigarettes is just unhealthy. As part of our commitment to supplying smokers with superior smoking products, we came up with a simple and easy-to-follow program that may help smokers transform their smoking habits. Please take a look at our Nicotine Reduction Program for more details.

Why Choose I Love Ecigs

Industry Leading Service. We provide superior support to our consumers by putting their needs first.

Superior Products. We selected the best e-cigs available in the market today – the unique triple distilled oils provide for a high-quality and richer tasting smoking experience. The quality assurance performed at Logic's factory help to ensure you receive the consistent product you expect with every order.

Privileged Membership. We offer our own I Love E-cigs membership, with discounts and special offers just for our members. Become a member and receive an overall 2% discount from your entire order. Invite a new member and upon their paid order you will receive a one time 5% of your next order.

Our Products

Choosing The Type Of e-Cigs You Would Like To Use

We offer the same e-cig in two forms: disposable and rechargeable. They have the same taste and feel.

Disposable E-cigs. Consist of a cartomizer (the cartridge that contains the flavor) and a battery. When they are depleted you dispose of them. For this option we offer disposable single units.

Rechargeable E-cigs (Power Series). Consist of a rechargeable battery and a refill cartomizer. You smoke it like the disposable e-cig and when either the battery or refill cartomizer are depleted, you either replace the refill cartomizer or recharge the battery when it's empty. For this option, first buy a starter kit that comes with a unique rechargeable battery and a USB charger. You may also buy flavored refill cartomizers.

Replace Regular Cigarettes With Our e-Cigs

- ❖ *We don't use regular tobacco filled cigarettes so you stay away from the tobacco burning and tar creation*
 - ❖ *We offer tobacco and menthol flavored e-cigs to suit your taste preference*
 - ❖ *When smoking our Logic electronic cigarette, there is no ash, smell or second-hand smoke*

If You Enjoy Cigarettes, You Will Enjoy Logic e-cigs

- ❖ *Smoking our Logic electronic cigarettes feels like smoking a real cigarette, but better*
 - ❖ *The taste is great, it satisfies the hand to mouth motion and the inhaling /exhaling activity, it keeps you busy and you can smoke it anytime*
